Message from the Head...

Dear parents and carers,

It's Friday already after the shorter week in school following the Bank Holiday. Children across the school have joined a special 'David Attenborough Assembly' this afternoon, celebrating his 100th birthday. The assembly celebrated his life and the impact his work continues to have. Our children were part of approximately a million children joining the assembly from across the world.

Our Year 6 children will be completing their Statutory Assessment Tests (SATs) next week, from Monday-Thursday. For parents and carers, please ensure that your children are well-rested ahead of the tests and at school on time each day. All our Year 6 children are invited to attend a 'SATs Breakfast' on each day from Monday-Thursday. This will take place in the school hall. Children are invited to attend school from 8.30am and should enter through the main entrance.

We are excited to be welcoming duckling eggs to school next week. The eggs will be monitored and cared for by our Upper Key Stage 2 and Reception Class children. I am sure the children will be very engaged with the ducklings and eager to support the early stages of their lives before they are collected the following week.

Finally, a reminder to you all of the **Community Science Show taking place next Friday afternoon at 3.30pm** in the school hall. This is part of our visit from the Royal Institution, and a day of science shows across school. You are all welcome to attend the 3.30pm show. We look forward to seeing you there.

The science shows are being funded by our wonderful PTA team. This week, we have also received dictionaries for English; maps, puzzles, compasses and jigsaws for Geography; table-top for resources to Escher Class; and they have funded the bracelet-making club this half term. The next PTA event is the Colour Run in two weeks' time. This should be a great evening with lots of fun. See you there!!

With best wishes, from Richard Martin and all of the team in school.
